

Mindy Ho, MD, MBA, FACS

Dr. Mindy is a board-certified General Surgeon with over 20 years of experience in the medical field. Throughout her distinguished career, she has consistently earned recognition for providing high-quality patient care. She is a recipient of the Top Doctor of Indianapolis award, a testament to her dedication to exceptional surgical expertise and patient outcomes. She is a strong believer in collaborative care, working closely with colleagues to ensure patients receive the most comprehensive and personalized treatment plans. Dr. Ho focuses on building trust and open communication throughout the entire surgical journey.

Dr. Mindy's foundation in medicine is built on a diverse background. Throughout her training, she gained a wide variety of experiences caring for patients in academic, inner city and community settings around the Chicagoland area. A native of the midwest, she returned to Indiana and has spent the past decade caring for patients in communities around Central Indiana.

Dr. Mindy is a passionate advocate for improving access to quality healthcare to patients. She champions efforts to empower individuals to make informed decisions about their health. Additionally, she recognizes the importance of physician wellness, believing it directly impacts patient care.
